McKesson Specialty Care Solutions Business Intelligence Reports

Drug Reimbursement Allowables Report

The Drug Reimbursement Allowables Report helps your practice understand changes to Medicare reimbursement as they occur. ASP Information is updated quarterly. AWP Information is updated as updates are available.

McKESSON
Empowering Healthcare

[Send Us Feedback](#) | [Reports Main Menu](#) | [Log Out](#)

Report Description

This report provides drug reimbursement allowables per billing unit.

-ASP information is current as of the most recent CMS publication effective Jul 01, 2010 - Sep 30, 2010 and will be updated quarterly.
 -The AWP information was last updated on Aug 08, 2010.
 -All of the figures set forth in the ASP +6% per Billing Unit column are extracted from files as posted on the CMS website (www.cms.hhs.gov/McPartBDrugAvgSalesPrice/). These files are updated periodically. Please note that CMS regularly updates ASP figures and also revises Medicare-allowed billing units, and therefore certain of the information contained on this report may be inaccurate.
